It is the sole responsibility of the Proposer to make itself aware of the ATL’s responses to written questions. Responses to questions are provided as information only and do not in any way alter the contents of the Solicitation inclusive of the Scope of Services and the remainder of the RFP documents. Revisions to the Solicitation shall be made only via formally issued Amendments (i.e. Addenda). Only such written addenda shall constitute revisions to the Solicitation that are binding upon the ATL.

2.5 Amendments to Solicitation (Addenda) / Postponement of Proposal Submission Deadline

The ATL reserves the right to revise or amend the RFP up to the time set for the submission of proposals. Such revisions and amendments, if any, shall be announced by written addenda to the RFP. If an addendum significantly changes the RFP, the date set for the submission of proposals may be postponed by such number of days as in the opinion of the ATL shall enable potential Proposers to revise their proposals. In any case, the proposal submission deadline shall be at least five business days after the last addendum, and the addendum shall include an announcement of the new date, if applicable, for the submission of proposals.

Upon issuance, addenda will be considered part of the RFP and will prevail over inconsistent or conflicting provisions contained in the original RFP. Copies of all addenda will be made available on both the Georgia Procurement Registry web site at http://ssl.doas.state.ga.us/PRSapp/PR_index.jsp, the SRTA website at https://srta.ga.gov/doing-business-with-us/ and the ATL web site at https://atltransit.ga.gov/procurement/. All potential Proposers that have previously requested and received a copy of the RFP from the Issuing Officer document will be notified via e-mail that an addendum is available. This process will be repeated each time an addendum is made available by the ATL.

The ATL will not be responsible for a potential Proposer failing to receive notification of the availability of addenda. It is the sole responsibility of each potential Proposer to check the ATL and Georgia Procurement Registry websites for addenda.
Proposers shall acknowledge receipt of all addenda by completing and submitting Offer Document #3 (Acknowledgement of Addenda), included in this RFP, as part of its proposal. As with other required documentation, proposals that fail to reference receipt of addenda by inclusion of Offer Document #3 (Acknowledgement of Addenda) may be excluded from consideration for a contract award.

2.6 **Modification of Proposals**

Except at the written request of the ATL, no proposal may be modified after the deadline for proposal submission identified in Section 2.1.

2.7 **Single Response to Solicitation**

If only one proposal is received in response to this RFP, a detailed cost analysis of the single proposal may be requested of the single Proposer. A cost analysis, evaluation, and/or audit of the proposal may also be performed by the ATL in order to determine if the proposal price is fair and reasonable. If the ATL determines that a cost analysis is required, the single Proposer must be prepared to provide, upon request, detailed summaries of estimated costs (i.e., labor, equipment, supplies, overhead costs, profit, etc.) and documentation supporting all cost elements.

2.8 **Confidential / Proprietary Information**

Any and all materials submitted in response to this RFP are subject to public inspection, pursuant to the provisions of Georgia's Open Records Act upon completion of the RFP process. The ATL's receipt, review, evaluation or any other act or omission concerning any such information shall not be considered to create an acceptance of any obligation or duty for the ATL to prevent the disclosure of any such information except as required by the Open Records Act. Proposers that decide to submit information they believe should be exempt from disclosure under the Open Records Act shall: (i) clearly mark each page containing such information as confidential, proprietary or exempt, (ii) shall include such information in a different color from the rest of the proposal text, (iii) shall state the legal basis for the exemption with supporting citations to the Georgia Code, and (iv) for records containing trade secrets, Proposers who wish to keep such record confidential shall also submit and attach to the records an affidavit affirmatively declaring that specific information in the records constitute trade secrets pursuant to Article 27 of Chapter 1 of Title 10 of the Georgia Code.

Pursuant to Georgia Law, if the information is requested under the Open Records Act, the ATL shall make a final determination if any exemption actually exists for the ATL to deny the request and prevent disclosure. The ATL will withhold such information from public disclosure under the Open Records Act only if the ATL determines, in its sole discretion, that there is a legal basis to do so.

All material submitted regarding the RFP becomes the property of the ATL.

Any activity pursuant to this RFP by any Proposer is governed by all applicable laws, including without limitation, State and Federal antitrust laws.
2.9 **Reserved Rights**

The ATL reserves the right to reject any and all proposals or any portion of a specific proposal for any reason. Issuance of this RFP and receipt of proposals does not commit the ATL to award a contract.

The ATL has the sole right to select the successful proposal(s) for contract award(s); to reject any proposal as unsatisfactory or non-responsive due to non-conformance with the requirements of this RFP; to cancel the solicitation and to advertise for new proposals; to award a contract(s) to other than the Proposer submitting the lowest cost proposal; or not to award a contract as a result of this RFP.

The ATL reserves the right to accept any proposal deemed to be in the best interest of the ATL and to waive any irregularities in any proposal that does not prejudice other Proposers. The ATL further reserves the right to negotiate with the Proposer(s) whose proposal(s) is considered by the ATL, to be most advantageous to the ATL and does not unduly place the ATL at risk from a legal perspective.

The ATL further reserves the right to retain all proposals submitted and to use any ideas or concepts in any proposal for any purpose regardless of whether that proposal is selected for contract award.

Proposals shall be submitted to the ATL on the most favorable of terms possible from the standpoint of cost, quality, and technical capability. No Proposer shall have any cause of action against the ATL or SRTA arising out of the methods by which proposals are evaluated.

4. Proposal Evaluation and Contract Award

4.1 Standards for Award

ATL Solicitation No. 19-002 is a Request for Proposals (RFP). The ATL intends to award a contract to the Proposer whose proposal conforms to the solicitation and is determined to be the most advantageous to the ATL, taking into consideration price and other evaluation factors set forth below. Accordingly, the ATL may not necessarily make an award to the Proposer with the highest technical ranking nor award to the Proposer with the lowest price proposal if doing so would not be in the overall best interest of the ATL.

In order to be eligible for contract award a proposal must meet all of the following criteria:

4.1.1 The proposal submitted is responsive to the solicitation.

- A proposal shall be considered responsive if it conforms in all material aspects to the requirements of the solicitation at the scheduled time of submission and does not require further discussions with the Proposer.
- It shall be at the sole discretion of the ATL to determine if a proposal conforms in all material aspects to the requirements of the solicitation.

4.1.2 The Proposer who submitted the proposal is a responsible Proposer. A Proposer shall be considered responsible if the Proposer possesses, at the time of contract award, the ability to perform successfully and a willingness to comply with the terms and conditions of the contract (attached to this RFP).

4.1.3 The Proposer is judged, at the sole discretion of the ATL, to be the qualified firm(s) that offers the best value to the ATL for the Services to be provided.

4.2 Evaluation and Award Process

All proposals shall be evaluated by an Evaluation Committee. Proposals and evaluations will be kept strictly confidential throughout the evaluation and award process. Only the members of the Evaluation Committee and other ATL staff having a legitimate work-related interest will be provided access to the proposals and evaluation results during the evaluation and award process. Proposals will be evaluated and a contract will be awarded in accordance with the following process:

4.2.1 Proposals will first be evaluated by the ATL Procurement Manager for responsiveness in accordance with the standard set forth in Part 1, Section 4.1.1 above. Only those proposals that are determined to be responsive shall be evaluated for Proposer responsibility.

4.2.2 Proposers who submitted responsive proposals will be evaluated by the Evaluation Committee for responsibility in accordance with the standard set forth in Part 1, Section 4.1.1 above.

4.2.3 Proposals that are determined to be responsive and that were submitted by responsible Proposers shall be further evaluated by the Evaluation Committee to determine the Proposal(s) that is/are most advantageous to the ATL.
To determine the most advantageous proposal to the ATL, the Evaluation Committee will evaluate the proposals in two phases taking into consideration the following criteria:

Phase 1 will consist of an evaluation of the following criteria:

- **Firm's Qualifications and Experience (30 point maximum)**- Proposer’s background, financial stability, company history, employee number and availability for project, etc.

- **Project Team and Approach (40 point maximum)**- Proposer’s experience with projects of similar scope and size and proposed team members for this Contract.

- **References (15 point maximum)**- Evaluation Committee shall specifically consider information submitted in accordance with Sections 3.4 and 3.6.

- **Price Proposal (15 point maximum)**- Evaluation Committee shall specifically consider information submitted in accordance with Section 3.9.

At the conclusion of Phase 1, the Evaluation Committee will score each responsible proposal on the criteria noted above and may: 1) recommend that the top scoring firm be awarded the contract; or 2.) elect to conduct Phase 2 of the evaluation process.

Phase 2 is optional at the ATL’s sole discretion. Should the ATL elect to proceed with Phase 2, the top three scoring firms from Phase 1, assuming that at least three firms have submitted responsive proposals, will be invited for interviews.

- **Interviews-Optional (25 point maximum)**- The Evaluation Committee may choose to invite selected proposers to make presentations and participate in interviews with the committee prior to completing its ranking of proposals. It shall be at the discretion of the Evaluation Committee as to whether it will conduct interviews. Proposers that are invited for interviews may earn up to 25 points based on the quality of the interview.

4.2.4 Upon completion of the evaluation process by the Evaluation Committee, a recommendation to award a Contract to the Proposer who submitted the most advantageous proposal to the ATL, as solely determined by the Evaluation Committee, and that meets the standards for contract award specified in Section 4 will be forwarded to the ATL Executive Director.

4.2.5 The ATL Executive Director may, at his or her sole discretion, delay consideration of the Recommendation for Contract Award or reject the recommendation and award the contract to another Proposer(s) or cancel the procurement altogether.

4.2.6 The ATL will execute a contract with the successful Proposer and will issue a Notice to Proceed.

4.2.7 The ATL reserves the right issue multiple contract awards under this solicitation.
PART 2 – SCOPE OF SERVICES

OVERVIEW

The Atlanta-region Transit Link Authority (the “ATL”) is issuing this Request for Proposals (RFP) in order to establish a Contract for Branding, Communications, and Public Education Consulting Services. The ATL will utilize the Contract(s) awarded as a result of this RFP on an as-needed basis. No minimum amount of work is guaranteed.

The successful Proposer will have demonstrated experience in brand building, government communications, transportation initiatives and strategic communications related to transit systems.

BACKGROUND

On March 29, 2018, the Georgia Legislature passed House Bill 930 (“HB 930”), which created The Atlanta-region Transit Link Authority (the “ATL”). The ATL was created as a new regional governance and funding structure, to improve coordination, integration, and efficiency of transit in metro Atlanta. The ATL has two core activities: 1) developing and maintaining a regional transit plan encompassing all transit projects and initiatives; and 2) oversight of all federal and state transit funds in the region.

HB 930 creates a 16 member board for the new ATL. The bill authorizes two appointees from the Lt. Governor, two appointees from the Speaker of the House, the Commissioner of the Georgia Department of Transportation as non-voting board member, and one appointee by the Governor (who will serve as the chair of the board). The remaining 10 board seats shall be selected through a statutorily prescribed election process with each of the remaining 10 board positions chosen to represent one of 10 different “Transit Districts” that collectively cover a 13-county metro-Atlanta region. The initial slate of ATL Board members, according to HB 930, are to be elected no later than December 1, 2018. HB 930 also defines Metro Atlanta as a 13-county region, requires the creation and maintenance of a Regional Transit Plan encompassing all transit projects and initiatives across the region, and creates access to new transit funding mechanisms for projects and activities occurring within the region, as well as planning for regional unified branding.

Currently there are five (5) public agency fixed route operators, operating six (6) separately branded fixed route transit services in various geographic locations within the 13-county region. They are:

Additionally there are at least 5 other public agency demand-response transit services operating in the 13-county jurisdiction of the ATL and two major vanpool programs.

Finally, CobbLinc, GCT, MARTA and Xpress all accept the regional fare payment system operated by MARTA known and branded as, “Breeze.”
SCOPE OF SERVICES

The following scope of work outlines the tasks associated with the ATL’s desire to develop and implement regional branding, including an ATL logo and an overall branding strategy.

Task 1-Branding

Fixed-route transit services within the ATL region have been provided by MARTA, GRTA/SRTA, CATS, GCT and CobbLinc. With the ATL’s creation the legislative intent behind HB 930 is to create unified branding that will apply to and be used by all transit within the region. Further, HB 930, specifically requires that after January 1, 2019 new MARTA assets greater than $250,000 must prominently display the ATL logo and brand. This is a time of change and growth for regional transit services and there is a strong need to market the “new” ATL network of meshed transit services and manage communications around the change that is underway. As a newly created State authority, the ATL needs to define and establish its brand. The successful Proposer shall develop a brand identity for the ATL with a unified and cohesive branding
approach that will positively resonate with a variety of stakeholders and that will provide a path for the region to consistently use this branding.

The successful Proposer shall:

1. Develop a brand platform for the ATL, including positioning, personality, promise, differentiation and value proposition;
2. Develop a comprehensive brand strategy, including brand architecture, for a multi-faceted brand that addresses relationships between regional transit partners, agencies and operators; naming conventions; various transit modes; and, service/program brand groupings;
3. Create the brand identity, including naming, logo design, brand identity standards/guidelines/systems;
4. Develop graphic standards for future use and management by ATL’s in-house staff, as well rules/guidelines for how these standards may be used by transit operators within the region as well as other third parties;
5. Conduct a focus group session(s) with key transit agencies;
6. Develop a strategy to gain organizational and regional consensus for the brand’s position;
7. Develop measures that will be used to determine whether the branding effort is successful.

Deliverables
- Project kick-off meeting
- Findings summary and brand strategy options
- Five (5) logos for review and approval by ATL staff leadership (with top 2 for review and final approval by ATL Board)

- Conceptual drawings, displays and depictions of how the logo and graphic standards may be utilized by the multiple transit agencies and operators across various transit modes and other typical transit collateral (e.g. schedules, maps, fare media, etc.)

**Task 2-Plan Development**

The successful Proposer will develop a plan for adoption and use of the final ATL branding by the fixed route operators within the region including suggested design, rules and guidelines for how the ATL branding should be implemented given the current state of multiple brands and logos currently in use throughout the region.

  - Must include a plan for maintenance and consistency of brand image and messaging across the multiple transit agencies, operators and modes within the region
  - Must provide suitable flexibility for the various target audiences
