### **About the State Road and Tollway Authority (SRTA)**

*SRTA is a state-level, independent Authority created to operate tolled transportation facilities within Georgia and acts as the transportation financing arm for the state. SRTA manages the collection of tolls on Georgia's Express Lanes System through the use of Peach Pass; administers the Atlanta region's vanpool program; and manages the Xpress regional commuter coach transit service. In 2017, SRTA combined with the Georgia Regional Transportation Authority (GRTA) to jointly provide the services of both state authorities. The GRTA Board of Directors oversees Developments of Regional Impact, air quality reporting and regional transportation plan approval.*
